

## OCEAN CITY

 Saint Philip, Barbados

This 3 bed 3.5 bath home is an architectural dream. Starting with the nod to a Greco-Roman temple with columns on the faade. Newly built, it has some lovely features including travertine tiles, granite counter tops in the kitchen, a domed ceiling and a rooftop terrace. The coral stone rendering throughout the home is a work of art. Entering via the large double doors is a hallway with view to the amazing pool at the back. The well equipped kitchen opens onto the dining room. On the ground level is also a laundry room with access to the outside and the garage, one bedroom with ensuite bathroom, and a half bathroom. On the first floor is a further two bedrooms, a media room and an office/study. This amazing property also has a rooftop deck, with views to the ocean.
