

ORCHARD APARTMENT, SION HILL PLANTATION, ST. JAMES

 Saint James, Barbados

Sion Hill Plantation is set high above the glorious West Coast and enjoys constant cool breezes, beautiful views and is surrounded by magnificent lush tropical gardens with ancient trees and authentic plantation style architecture. The original property dates back to 1790 as a sugar plantation. This history has been elegantly recaptured in the tasteful remodeling for the Main House, out buildings and other features such as the cooling reservoir being transformed into a magnificent swimming pool. Orchard Apartment is situated on the lower level of the main house and opens onto the beautiful mature gardens, fruit orchard and the main swimming pool. The accommodation is well laid out with a very spacious fully equipped kitchen kitchen, elegant living areas and huge covered terrace. The bedrooms are all en suite with beautiful coral stone finishes, antique mahogany furniture and sumptuous furnishings. This is a truly spectacular apartment offering luxurious accommodation in a tranquil, magical setting.
