

GIBBS LODGE, GIBBS

 Saint Peter, Barbados

Gibbs Lodge is a luxury villa set on Barbados platinum west coast. The villa is located as close to the beach as possible while still being far enough from the main road to have a totally quiet, lush natural setting.

Gibbs Lodge is about privacy and outdoor living. Everything about the design and flow of the home are intended to blur the line between interior and outdoor living space. The entire back of the home opens up to extend the living room onto a massive covered patio, and onto the tropical landscaped grounds. Whether cooking, eating, watching tv, reading or relaxing, you can spend your entire day outside, or inside, as you choose.

The grounds are 100 meters back along a private road that branches from the main coastal road that runs along the western shoreline of Barbados. This makes it quieter and more private than most villas found along the coast.

The grounds are surrounded by lush tropically landscaped gardens. The swimming pool is set up against a natural alcove of fauna, with loungers and an umbrella for shade. There is also a gazebo area for dining, having a refreshing drink, or for whiling away an afternoon.

Gibbs Lodge is designed to be a very private space where you can do what you want, when you want. In the sun, in the shade, or inside for an air conditioned nap should that be called for.
