

DAYRELLS ROAD LOT

Christ Church, Barbados

This is an expansive plot of land, just over an acre, in a very sought after district.

Although in a prime location, the lot is reasonably secluded as it is accessed from a private road, neatly tucked away from the bustle of the main road. While ideally located on Dayrells Road enjoying the many amenities of the south coast it is also just a few minutes away from Bridgetown. The lot is elevated in some areas making it suitable for a multilevel home. Depending on where on the land you decide to build, there is good opportunity to maximize on the beautiful sea views. This is a great investment for immediate or future development.
