

FOUL BAY BEACH ROAD

 Saint Philip, Barbados

Located on top of a cliff, with spectacular sea views of the east coast. The property is made up of two housing units, the main house which has five bedrooms and 4 and a half bathrooms and just off of the expansive main building is a studio styled apartment.

Large roof top decks on either side of the top floor, again with picturesque views of the south east coast. A large kitchen and dining area with large bay windows to give you access to the porch which spans the length of the kitchen and dining area, great for entertaining friends.

The 7 1/4 acres of land is accessible by its own private driveway, and once you make your way to the front of the house winding steps greet you and take you down to the shoreline. This property is suited for large family.
