

BOTTOM BAY HOUSE

Saint Philip, Barbados

Sited on a coral escarpment overlooking the splendid palm-lined bay after which it is named, Bottom Bay House is unquestionably one of the finest rental properties on the southeast coast of Barbados. Its unique cliffside vantage gives complete privacy, and a high perimeter wall ensures absolute security. Yet Bottom Bay's perfect white coral sand beach is but a two minute stroll away.

Designed to take advantage of both the seascape vista and the ever present sea breeze, this handsomely-built coral stone and fine tropical wood villa has been furnished with a deft mix of antique and contemporary pieces. The result is both gracious and informal.

The living areas of Bottom Bay House include a formal dining room with seating for twelve, a large living room to accommodate a like number, modern kitchen and laundry, full pantry with wet bar, powder room, maids' rooms and bath. Beyond the shady tiled patio with its myriad of colorful tropical shrubbery lies a large swimming pool, enclosed for privacy and equipped with lights for night-time swims.

The bedroom wing is separated from the living areas by a lushly-landscaped inner courtyard. The magnificent air-conditioned master suite, ideally situated with a grand view of the bay, features twin dressers, walk-in wardrobe, and bathroom ensuite with two sinks and bidet. There are also two guest bedrooms, each with its own private bathroom and a study which can be used as a spare bedroom.

For those that require an additional bedroom - it is possible to rent Bottom Bay as a four bedroom, four bathroom home. This additional bedroom is separate to the house and reached by a garden path just a short distance from the main house. The studio sits on the cliff edge and overlooks Bottom Bay beach with a spectacular view of this famous bay. This bedroom has a queen murphy bed which may be lifted up to make the room more spacious when not in use. In addition it has a lovely large private bathroom as well. Daily maid service is included and the experienced landscape staff ensure that the gardens are beautifully maintained at all times.
