

## SCHOONER BAY NO. 306

Located in the Schooner Bay Development, this well-appointed two-storey penthouse apartment offers an idyllic beachfront living experience. The floor plan, encompassing 3,322 sq. ft., has three air-conditioned bedrooms with opulent en suite bathrooms featuring marble tiling throughout. The master and main guest bathrooms feature twin sinks, whirlpool baths and separate corner showers.

A low density building with just four floors results in higher ceiling heights than are typically found in newer West Coast developments, enhancing the luxuriously airy atmosphere. The large, covered terrace runs adjacent to the living room, providing lovely sea views as well as attractive views of the communal pool and gardens. It has plenty of space for family dinners, sunset cocktails or simply relaxing.

Exquisite furnishings are included in the sale of the property.
