

ROYAL WESTMORELAND – ROYAL LILY

 Barbados

Starting From: £ 2,900,000

This stunning modern design brings the outdoors in for a truly contemporary Caribbean living. Walking into the grand, open two-story entrance hall with views straight out over the pool this home will not fail to impress.

The large, open living room and kitchen create the perfect living area spilling out onto the veranda where an outdoor kitchen and bar become the focal point for entertaining.

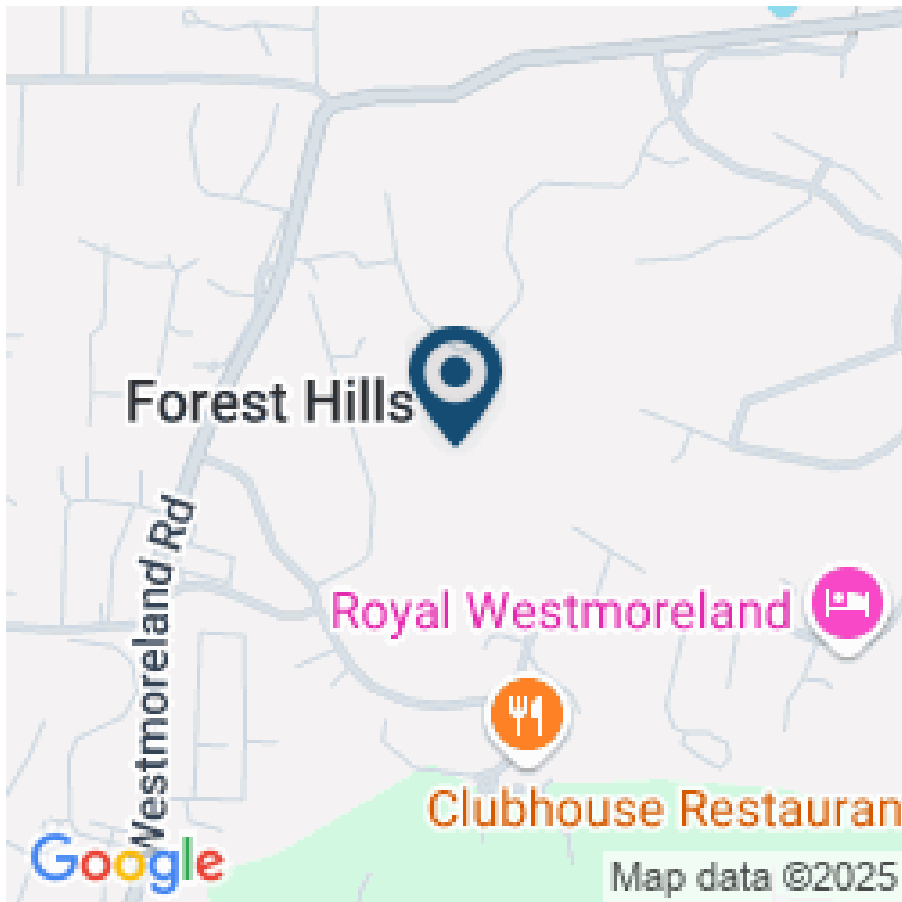

A ground floor office and 2 car garage with separate laundry and plenty of storage make this a very livable home.

Four guest bedrooms with four and a half bathrooms on the ground floor ensure the privacy of your guests. As you walk up the stairs to the first floor looking down on the entrance hall, a welcoming media room awaits.

The remainder of the first floor is only for the master suite, with a large walk-in closet, completed by an enviable master bathroom, bedroom and private veranda overlooking the pool and view beyond.
