

GIBBS HILL

This new Executive Style Home has been architecturally designed to capture the essential feelings of being nestled in Nature's Arms.

The home consists of 3 air conditioned Bedrooms , 3 Bathrooms with a home office. The property has a large patio off of the living area which flows into a large kitchen with seating for a family or morning coffee alone.

The downstairs has 1 bedroom with attached bathroom. Upstairs leads to the Office which is nestled quietly to the southern side of the home just off of the 2nd Bedroom which is en-suite with a beautiful bathroom. Down the corridor which looks over to the living space below is the Master Suite which encompasses a large Bedroom fit for a King or Queen.

The ultra modern Bathroom features a large shower, stand alone soaking tub and his and hers sinks, this is second only to the large walk in closet which delivers wonderful space for clothing and shoes.

The Master Patio opens up into the heart of nature which is just outside your window.

This serene space is wonderful to have your morning coffee, tea or to enjoy a good book. This could be your new home or work space retreat while you visit our beautiful island.
