

ROYAL WESTMORELAND - FIRECRACKER 6 BED

Situated on the renowned Mahogany Drive within Royal Westmoreland, Firecracker is one of the few six-bedroom villas available for rental at Royal Westmoreland, sleeping up to 12 guests in a flexible accommodation layout. The villa enjoys a naturally elevated position on the resort with cooling breezes and spectacular views to the golf course and sea beyond. All bedrooms are en suite with integrated, quiet air conditioning and cooling fans for additional comfort.

The interiors of the villa and cottage were designed as a complete “turnkey” by one of the island’s most accredited interior designers and received reviews in the Island life magazine. The style of the villa is a fusion of Caribbean Island life and Balinese living, producing an elegant yet relaxed and calming environment to enjoy vacation time. Configured as a four-bedroom house with a two-bedroom cottage situated poolside, the whole property enjoys the highest levels of specification and finishes. The cottage has a separate sitting area with its own kitchen and TV facilities and is specified to the same level as the house, which it sits opposite on the poolside.

Firecracker is somewhat unique in having had its catering and outside areas specifically designed and executed to cater for larger parties and offers commercial standard kitchen facilities and refrigeration from Sub Zero to meet the needs of the most demanding chef or private client.

The Villa is set out with no less than three distinct dining areas, two outside and one inside offering great flexibility for formal or informal dining. The gazebo is a great place for breakfast, lunch or dinner and again offers commercial standard BBQ, griddle and refrigeration facilities. An air-conditioned media room offers WiFi, DVD, TV facilities, and printing.
