NIGHT Experience the soulful side of Onyx, a private five-bedroom luxury villa located on one of the most soothing West Coast beaches in Barbados. It is designed in a modern, angular style and spans two stories. Full-length floor to ceiling windows are the central feature of the vacation villa and open fully to enjoy pool and sea views. Onyx delivers a sun-soaked beach holiday guaranteed to fulfil your needs for relaxation, great food and if needed, a rejuvenating workspace. The contemporary design matches the villa name flawlessly throughout with a theme of seductive black and deep greys tempered by white walls and floors, bold geometric décor and striking black and white portraits on the walls. A massive skylight above the foyer lets in natural light and leads you upstairs to one of the most incomparably breathtaking master bedrooms. The master bedroom boasts fantastic views of the coastline, pool and poolside entertainment pavilion. Floor to ceiling windows ensures that you never miss a moment of sea views. The room is spacious enough to accommodate a furnished space for morning coffee. A flat-screen TV is mounted and steps away, a sleek white bathtub is carefully positioned next to the full-length windows. It is the perfect spot to watch a Barbados sunset while enjoying a leisurely soak. The master comprises a separate shower, separate bathroom and endless closet space. It's simply a luxurious suite. Next to the master is an expansive suite outfitted with a king-sized bed. This room is also decorated in a tasteful style and looks onto gorgeous sea views. There are two additional bedrooms on the first floor with ensuite bathrooms. They echo the same modern theme with black ceiling fans, white floors and bold accent tiling in the showers. An open-air workspace is situated on this level. On the ground floor, there is a powder room and another full bedroom. In the living area, accent chairs offer a pop of colour in an Onyx paradise. The sitting area/TV room is quite large and also takes advantage of sea views. There is additional seating in the main living area alongside a dining area that can comfortably host ten persons. There's even more seating at the bar in the kitchen for an intimate family breakfast. The kitchen is cleverly designed with black panels that seamlessly hide appliances and accentuates the area beautifully. A few steps from the living space takes you outside to a stunning pool. There is a shallow end of the swimming pool with a table for wine or your preferred beverage or snack. Directly ahead is a modern entertainment pavilion with a TV, wine chiller and plenty of seating. The pavilion resembles an upscale outdoor bar and is cooled by ceiling fans and sea breezes. Completing the walkthrough of Onyx villa is direct beach access to a sinfully gorgeous white sand beach. Onyx is a short drive away from popular restaurants like The Seashed, Fishpot and Orange Street Grocer.
