

HARMONY HALL GREEN

Harmony Hall Green is an exciting new gated condominium development with security, in a quiet location, yet right in the heart of Barbados' South Coast entertainment district, close to Dover and Accra beaches, shopping, restaurant, services, transportation and nightlife.

The units all face inward to a "water garden" - a large reflecting pool, combining tranquility and natural beauty - with communal, landscaped 'islands' within the water garden. . It is beautifully landscaped including mature mahogany and casuarina trees and the rain water is used for irrigation. There is a communal pool with sundecks, a gym area overlooking the water garden and onsite management.

Each unit has a private, covered patio overlooking the reflecting pool. The bedroom is airconditioned and there are porcelain tiles throughout. There are large windows to maximize the natural light in the units and fibre optic cables for high speed internet, cable TV and telephone. There are underground utilities and a photovoltaic system so electricity bills may be reduced.

This development offers a range of modern, affordable homes in a desirable location that meets the needs for Barbados residents, vacation homes, and short-term rental properties. It has access to the facilities at Divi Southwinds Resort, including beach chairs, bar, restaurant, tennis, mini golf, children's play park and spa.
