Saint Michael, Barbados

#6 Freshwater is a first-floor apartment that offers views of our tropical gardens and the stunning turquoise ocean. The apartment offers 1 bedroom and 2 bathrooms. From the patio, you have garden and ocean views and you are steps away from enjoying the white sands between your toes and having a casual swim in the cool calm Caribbean waters. A short walk up the beach you can also enjoy our local hot tub called the HOT POT.

Freshwater Bay is one of the best-kept secrets on the island. Your journey begins when you take that turn off of the Mighty Gryner Highway onto a private road. You first view - the large Light and Power station and you start to wonder if you have made the right decision in booking this apartment. As you round the first corner, there is a small fishing village with men attending to their boats and roaming chickens, all casually going about their daily routine. Your concerns heighten about this location, however, then the Freshwater Bay sign emerges on your left. Upon opening the wooden gate to the facility from the car park your breath is immediately taken away by the beauty of this hidden gem. The vibrant colourful flowers and tropical fauna line the small pathways towards the lush gardens sprinkled with coconut trees which naturally welcome you home. From the garden, you are mesmerized by the beauty of the stunning calm ocean boasting hundreds of shades of blue which is just steps away from your apartment. Now surrounded by the tropical gardens you are enticed to sit under the shaded palm trees to read, lay on the loungers and sun bath or sit in the Gazebo and watch the cruise ships or the local fishing and sailboats pass lazily by. However, before you get lost in just what to do first you have to get settled.

#6 is on the first floor and offers an open-plan concept. The entrance leads you into the large living area which offers two couches for your comfort. The living room naturally leads you to the patio which is ideal for dining or just sitting and enjoying the ocean views. The living room is also equipped with a large 55" smart TV for your entertainment and a spacious second bathroom. The Galley style kitchen which is outfitted with white countertops and blue trim is fully equipped with an electric oven, microwave and large fridge. In addition, there is ample cupboard space. Next to the kitchen is the air-conditioned large primary bedroom with a king-size four-poster bed and built-in cupboards. The primary bathroom is en-suite with a
