

MOES GAP, BLACK ROCK

 Saint Michael, Barbados

This fully enclosed, two-story property is well positioned in a cul-de-sac and convenient located in close proximity to the main road where public transportation, restaurants, Polyclinic, supermarkets and many more modern amenities can be accessed.

This structure is in need of upgrades but presents many possibilities for business, or it can be utilized as a large family home.

The oversized living and dining rooms have large windows that offer great ventilation, and the floor plan allows for easy access to each room. There are 4 bedrooms and 1 full bathroom on the first floor. Each bedroom has concealed closets and installing vanities not only adds convenience but reduces pressure from the main bathroom sink. The kitchen which is in need of repairs connects the laundry to the outdoors. Patios are to the east and south of the property.

The ground floor/basement reveals the coral stone structure. All the rooms are designed similarly to that on the first floor however renovations are required on this floor.
