

GREENPOINT

 Saint Philip, Barbados

This plot of land on which you can build a single, double storey house, or townhouses/duplex, is situated in a serene, small private community of about 8 lots all designed with a round-about as its centre.

It's a mere few minutes drive to the airport, Six Roads, The Crane, Sam Lord's Castle and just about 10 to 15/ minutes to the south coast.

#5 Lashley's is indeed among a secret set of lots spectacularly hidden away in a gem of a neighbourhood.
