

GINGER BAY CONDO 7

Ginger Bay is a small apartment complex located at the north-eastern end of the Crane beach on the south-eastern coast of Barbados in the parish of St. Philip. Access to the beach is via steps on the cliff front or via the private locked entrance on the property just to the south of Unit 7. The famous Crane Beach Resort with its numerous restaurants & shops, is just a short walk away. The property is about 10 minutes' drive both from the airport & from Six Cross Roads with its shopping, banking & medical facilities.

There are 10 units in total, 6 doubles & 4 singles. This Unit No. 7, is a double, which is approximately 2,000 sq. ft. of covered floor area, is located on the ground floor on the Eastern side of the complex with stunning views of the ocean, not only from the patio & deck, but also from the kitchen, living & dining areas & bedrooms 1 & 3. Bedroom 3 was originally an additional patio on the East or seaward side & this was tastefully converted to make a 3rd bedroom, which was designed for children, & which has wonderful views of the ocean & access off the Eastern deck as well as through the living room. This room could, of course, easily be used for other purposes if required. The unit therefore now accommodates three bedrooms & two bathrooms, one being right outside the master bedroom & the other located off the corridor leading to bedroom two, near to the living room. To the side of the living room is a dining area with ocean views. The kitchen is designed with an open bar & the remaining covered patio is accessed from this area. The unit is being offered furnished and there is a solar water heater. The communal area is very spacious with a large pool & deck with covered gazebos. There is also a large communal laundry room. A tennis court is located on the opposite side of the parking area near the entrance to the property.
