

WILLOW VILLAS – *ARCHITECTURALLY DESIGNED VILLAS

 Saint James, Barbados

The Willow Villa is a single storey property, with a similar layout to our extremely popular Royal Palm Villa. It has a large central open-plan kitchen and living area, with large sliding glass doors across one wall to make the most of the views, and give instant access to your outdoor space. Each of the four en-suite bedrooms lead off from this space, with two of the bedrooms also benefitting from sliding doors leading to the covered terrace. The covered terrace is a real highlight of this property, with formal dining for eight, plus a full outdoor kitchen including gas barbeque, sink and food preparation space. It is this that really sets it apart from the Royal Palm Villa design. The excellent outdoor amenities continue with the very spacious pool deck, complete with sun loungers and parasols, and your very own infinity pool.
